Brief Explanation:

As a result of SB 374, schools that receive categorical program funding through the Consolidated Application are required to develop a Single Plan for Student Achievement (SPSA). As part of the annual planning cycle (Ed Code 64001(g), these plans must be reviewed and updated based on the most current student achievement data. At SDUSD these are Title I funds.

School plans need to be submitted the spring of 2017 for implementation in the 2017-18 school year. In order to process the budget allocations for 2017-18, a plan reflecting new updated “*scientifically-based research*” strategies that strengthen the core academic program must be submitted.

The term “*scientifically-based research*” means research that involves the application of rigorous, systematic and objective procedures to obtain reliable and valid knowledge relevant to education activities and programs [sec. 9101(37) of the ESEA]. This plan should reflect new priorities based on new/additional student needs, and/or similar methodologies with effective measurable outcomes.

SDUSD implements a Title I Schoolwide Program. A schoolwide program is a comprehensive reform strategy designed to upgrade the entire educational program in a Title I school; its primary goal is to ensure that all students, particularly those who are low-achieving, demonstrate proficient and advanced levels of achievement on State academic achievement standards.

The Schoolwide Program (SWP) requires a Schoolwide Plan. SDUSD embeds the SWP plan within the structure of the SPSA. Schools must annually evaluate the plan’s implementation and outcomes to determine whether the academic achievement of all students, and particularly of low-achieving students, improved, whether the goals and objectives contained in the plan were achieved, and if the plan is still appropriate as written (34 CFR 200.26).

Upon approval, the Single Plan for Student Achievement is in place for the 2017-18 school year.

The SPSA identifies and addresses the instructional needs of students and specifies how categorical funds provided through the Consolidated Application will be used to accomplish the goals outlined in the plan. State guidelines require that the SPSA:

- Assess student progress toward achieving stated goals and provide evidence.
- Identify site-specific achievement goals based on a variety of student performance data.
- Describe specific instructional strategies to accelerate student learning.
- Describe the ways in which student progress will be monitored on a regular basis.
- Identify interventions for students not meeting standards.
- Delineate strategies for effective parent engagement (more than communication).
- Reflect estimated costs and funding sources.
- Involve consultation with other site advisory groups.

State regulations require that the School Site Council (SSC) shall be the group responsible for developing and modifying site plans in collaboration with the site advisory groups. **The SSC must also vote to approve the school’s SPSA prior to the due date and must also vote during the year to approve changes to the SPSA.**

State regulations require that the School Site Council (SSC) shall be the group responsible for developing and modifying site plans in collaboration with the site advisory groups. **The SSC must also vote to approve the school's SPSA prior to the due date and must also vote during the year to approve changes to the SPSA.**

Consultation with site advisory groups about student performance data, student needs, identified goals, appropriate interventions/preventions, and associated budgets must continue to be a part of each SSC meeting. This ongoing involvement of the SSC in the review of the site plan is a critical element of the annual planning cycle and should be reflected in meeting agendas and minutes.

As a reminder, a one-year term (1 year) of membership is defined as service from November of elected year (or as soon as elections are held) through October of the following year.

Documentation of SSC development, modification, monitoring, and evaluation of the site plans must be maintained at each school in the SSC Notebook. **All documentation must be maintained at the site for five (5) years, plus the current year.**

The SSC must:

1. **Review** all current student achievement data.
2. **Consult** site advisory groups.
3. **Complete** the following sections of the Single Plan for Student Achievement:
 - Appendix F, SPSA Assessment and Evaluation (**Attachment 5a**) with Assessment and Evaluation Summary (**Attachment 5b**).
 - Site Information (**Step 1 of SBB**).
 - SPSA Executive Summary (**Step 3 of SBB**).
 - School Goals, Actions, and Costs (**Step 4 of SBB**).
 - WASC Recommendations 2017-18 – Appendix G (**Attachment 4a**).
4. **Attach** the following documents electronically into the SPSA via SBB in step 3.
 - a. SPSA Assessment and Evaluation Summary – Appendix F (**Attachment 5b**).
 - b. Title I Parent Involvement Policy or Parent Involvement Policy for Non-Title I Schools – Appendix C.
 - c. Home/School Compact – Appendix D.
 - d. WASC Recommendations 2017-18 TEMPLATE– Appendix G (**Attachment 4a**).
5. **Approve** the updated 2017-18 Single Plan for Student Achievement and **sign** the 2017-18 SPSA Recommendations and Assurances (**Attachment 2**).
6. **Submit** the SPSA (**Step 10 of SBB**).

Budget:

Remember that the site budget must reflect all categorical and LCFF expenditures identified in the Budget Expenditures sections of the site plan. Categorical and LCFF resources that may have been allocated to the school include:

- Title I (Resource Code 30100)
- Title I Parent Involvement (Resource Code 30103)
- Title I Program Improvement (Resource Code 30106)
- LCFF (Resource Code 09800)

If categorical money is allocated in the budget and not identified in the plan, the budget and plan cannot be approved. Sites must specifically identify how non-instructional supplies and expenses support student achievement.

Training:

The Site Based Budget (SBB) tool will be used to produce the 2017-18 Single Plan for Student Achievement (SPSA). Financial Planning, Monitoring and Accountability Department staff will provide assistance in completing the plans at the SPSA hands-on workshops.

SPSAs and categorical budgets (as applicable) must be approved by SSCs and signed by the school’s principal, SSC chairperson, and designated area superintendent.

What to do	Where/When
1. One (1) copy of the 2017-18 Single Plan for Student Achievement (SPSA) Recommendations and Assurances (R/A) with original signatures of: <ul style="list-style-type: none"> ✓ Principal ✓ SSC chairperson ✓ Area Superintendent 	Submit one (1) original of the 2017-18 SPSA R/A with original signatures to designated: Area Superintendent Education Center Room 2014
2. 2017-18 Single Plan for Student Achievement (SPSA).	Submit 2017-18 SPSA via SBB tool

The Financial Planning, Monitoring and Accountability Department will review the budget allocations and plan alignment upon submission. If the budget for all categorical program funds is aligned with the site plan, the Financial Planning, Monitoring and Accountability Department staff will recommend the SPSA to the Board of Education for approval.

The Financial Planning, Monitoring and Accountability Department will consult with school principals and area superintendents to address any necessary revisions. Schools will resubmit their SPSAs if revisions to the plans or budgets are required. Corrected plans and budgets are to be resubmitted via the Site Based Budget (SBB) tool for additional review by the Financial Planning, Monitoring and Accountability Department.

A copy of the Board of Education approved SPSA must be maintained on site. The SSC notebook should be used to maintain important information and documentation for school use to meet compliance requirements. In addition to the SPSA, the SSC notebook should include the SSC Roster, categorical budget information, meeting documentation such as agendas, minutes and handouts.

If you have questions, please call the Financial Planning, Monitoring and Accountability Department at (619) 725-5605 or refer to the Financial Planning, Monitoring and Accountability Department Contact Information (**Attachment 5**).

**MAJOR CATEGORICAL (TITLE I) FUNDS
EXPENDITURE GUIDELINES 2017-18**

A. FUNDS INCLUDED:

Resource Code 30100	Basic Program Title I/Part A	Part of the Elementary and Secondary Education Act, which provides federal money to support economically disadvantaged students and close academic achievement gaps.
Resource Code 30103	Title I Parent Involvement	Used to encourage parent involvement in order to improve student achievement.
Resource Code 30106	Title I Program Improvement Supplemental (PI)	Supplemental funds to implement provisions of Elementary and Secondary Education Act. Funding is provided with the goal to improve student achievement while meeting the state's standards that will allow the school to exit PI status. Schools in PI year 3 receive the funds in preparation for PI year 4 and then receive it each year in PI thereafter.

B. PURPOSE:

1. Focus on improving instruction and extending learning time. These programs enable schools to provide **supplemental** opportunities for students to achieve proficiency in the state content standards. **Emphasis is on direct instructional support to students in core subjects.**
2. Professional development is a priority and is available to anyone in a schoolwide program, including teachers, classroom aides and, where appropriate, other staff and parents. Activities must be based on student needs at the school site.
3. **Supplement**, not supplant the district's general program. Use of Title I funds must not replace district funds. Title I funds must add to or enhance district program.
4. Foster new types of parent partnerships that focus on improving student achievement.

C. PROCESS:

Single Plan for Student Achievement (SPSA)

A Needs Assessment identifies student learning needs at the school site based on an analysis of current student performance data in relation to state standards. The focus is on the academic needs of the children. The students' educational needs drive the planning cycle. The SPSA describes strategies that will coordinate use of federal, state, and local resources to improve instruction and student achievement. The School Site Council (SSC) oversees and approves the plan and use of the associated Title I budget allocations.

Title I Schoolwide Program (SWP)

A federal program that puts emphasis on high achievement for all students while serving the most disadvantaged youth and providing flexibility in spending Title I funds. The needs assessment is a required component of the SWP and the SPSA serves as the Title I Schoolwide Plan.

D. BUDGET:

1. Each school develops a budget to implement all strategies for each available funding source. It includes but is not limited to staffing, materials, supplies, contracted services, and equipment that will directly enhance student learning at the school site. The SPSA and the embedded Title I budget is approved by the Board of Education.
2. The SSC must approve transfers of allocations within any of the above-listed programs.

E. SPENDING:

Expenditures from the Title I resources are routed through and reviewed by the Financial Planning, Monitoring and Accountability Department for approval.

Spending Instructions for Title I Budgets:

SSC approval is required for revisions to Title I expenditures originally allocated in the SPSA. The Title I Justification of Expenditure and SPSA Addendum document these changes and must be kept with the SPSA.

Complete the Title I Justification of Expenditure and SPSA Addendum in order to make revisions to Title I spending. Send the Title I Justification of Expenditure and SPSA Addendum with original principal and SSC chairperson signatures along with SSC meeting minutes verifying SSC approval.

Send to:
